Nest

Sofa collection

Drawn from the florid, luscious fields of Italian hillside. The Nest sofa collection has its inspiration in the edelweiss flowers spontaneously dotting the grazings in clusters of fluffy white stars. With its softness, organic shape and durable materials, it is made to transform every space in a cozy environment.

As a tribute to the plant, the collection was originally thought to be made in the same velvet material and its complemented by a rounded brass base.

Concept 01

Double bed

This bed was born from the need for an element that could adapt to all situations, from private to contract. For this reason, a study was made to support modules that would give the possibility of a system and a simple bed. The various options of aggregation of the elements allow it to adapt to any environment in which it is inserted.

The intimate and cosy space expresses the elegance and refinement of a domestic luxury, enhanced by the olive green colour. For sleeping, relaxing, regaining energy, reading, meditating, dreaming, feeling at home. Sophisticated allure and modern charm for the Concept 01 bed.
