

# **BONALDO**

## Fold

A stand-out, eye-catching piece featuring a bronzed or smoked glass frame that merges with the slightly folded mirror to become a single element. The frame, which is narrower at the top and gradually widens towards the base, creates two “wings” at the sides, producing an optical effect

that gives the design wall mirror a feeling of lightness and movement. Fold is available with a bronzed glass frame and bronze effect mirror or with a smoked glass frame and lead effect mirror.
