Design Ramón Esteve

Lo spirito rustico viene reinterpretato cercando la sintesi formale del mobile contemporaneo. Il risultato è una proposta di arredi da esterno in cui i materiali moderni come l'alluminio e i tessuti tecnici convivono con quelli più tradizionali come la corda, stabilendo relazioni emotive con la mente dell'utente finale.

The countryside mood is redesigned aiming at searching the formal synthesis of the contemporary furniture. The result is a proposal of outdoor furniture pieces, where modern materials such as aluminium and technical fabrics coexist with more traditional ones, such as the rope, that emotionally connect user's mind.
