

BONALDO

Pivot

Designer: **Marconato and Zappa**

The Pivot table takes its name from the unusual shape of the base: the central leg acts as a pivot for the three legs which extend to the sides. The result is an asymmetric and highly original combination that makes a statement in the room. In

this crossed leg dining table, the legs are made of coal oak or solid walnut wood with metal inserts, while the top is available in marble, solid wood, glass and ceramic in the two round and round-edged versions.
