

# BONALDO

## Flame Console

Designer: **Gino Carollo**

A versatile and elegant console table, the Flame Console is reminiscent of a small visual backdrop, which opens up to embrace the different contexts of domestic living and common areas in the hospitality world. As part of the design, the rigour of the top establishes a dialogue with the two

sinuous flared metal supports on which it appears to be suspended. There is a wide range of customization possibilities as the top is available in wood, ceramic or marble and finishes that contrast with the visual and structural solidity of the pair of metal legs.
