ALASKA WHITE - EUCALYPTUS

Composition made of two vanity units and the top in porcelain stone 12 cm with integrated washbasin, also available with the additional base without the integrated washbasin. The two modules with different widths create movement and dynamism within the space.

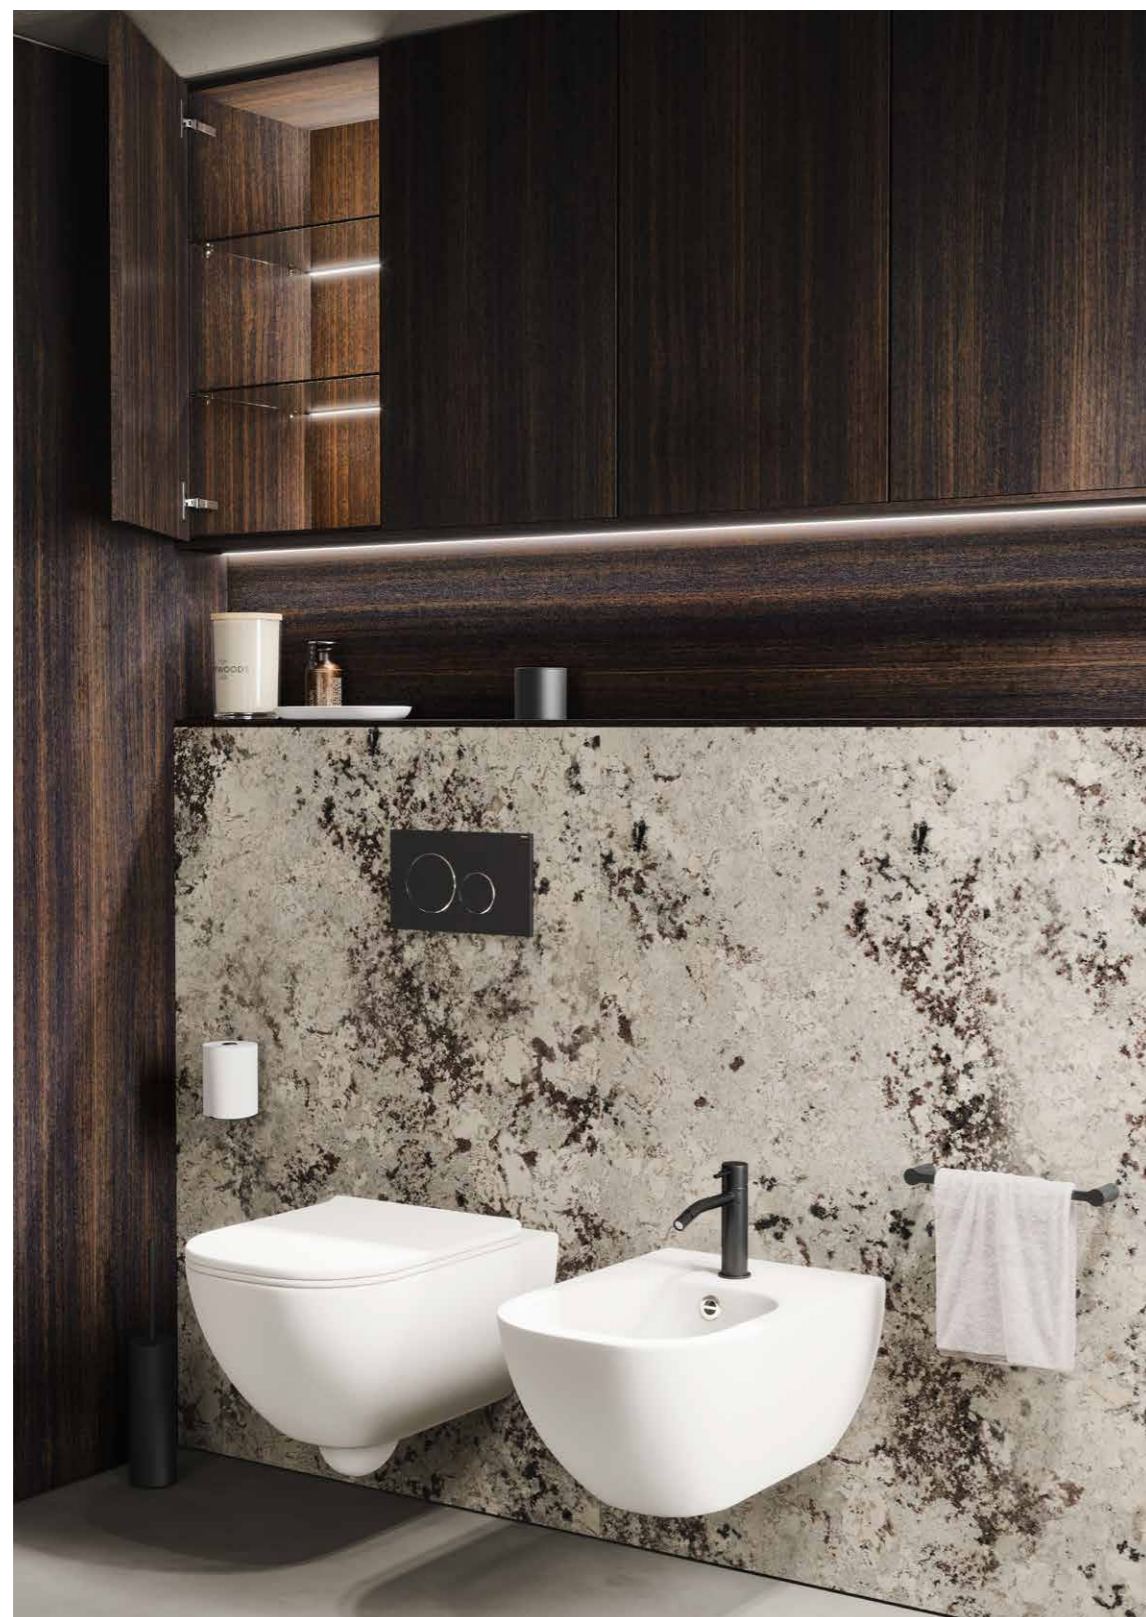

This effect is given also by the modules with stopsol glass doors and the LINE light bar. In front of SIDNEY sanitary ware there are CUBE tall units that are 80 cm high in Eucalyptus finish. These one are hidden in the room thanks to the boiserie in the same finish.

The light that derives from the window highlights the finishes and also the presence of the SIRIO bathtub in matt white Lightfeel finish.

Composizione composta da due mobili portalavabo a terra e top in gres 12 cm con vasca integrata, disponibile anche nella versione complementare privo di vasca integrata. I due moduli dalle larghezze differenti creano un contesto di movimento e dinamicità all'interno dell'ambiente, suggerito anche dal ritmo di pieni e vuoti creati dai moduli aperti e con ante a vetro stopsol della barra luminosa LINE.

Posizionate in corrispondenza dei sanitari SIDNEY sono le colonne CUBE con altezza 80 cm in finitura Eucalyptus, inglobate e nascoste nell'ambiente grazie a boiserie in medesima finitura. La finestra perpendicolare alla composizione permette alla luce di evidenziarne le finiture materiche e risalta inoltre la presenza della vasca SIRIO in finitura Lightfeel bianco opaco.

Composition created by a vanity unit, a base and an additional base with 2 drawers, a 1,2 cm thick top in Noir Desir porcelain stone with a vein passing through the edge, all in a height of 51 cm. In the background we find the RIGA boiserie which covers a portion of the wall and is combined with the SIRIO bathtub in matt white lightfeel with freestanding mixer in brushed steel. The large window creates a suggestive opening, while the boiserie in Noir Desir porcelain stone finish and KIM poufs give a refined and precious touch to the room. Also available in the variant with matt white purefeel top with CUT integrated washbasin and TETRIS DX version lamp, positioned on the right side of JOYCE mirror.

Composizione con un mobile portalavabo e due basi complementari, completata da un top in Gres Noir Desir con spessore 1,2 cm con vena passante anche nel bordo, il tutto in altezza 51 cm.

In secondo piano troviamo la boiserie RIGA che riveste in tutta altezza una porzione di parete e viene accostata alla vasca SIRIO in lightfeel bianco opaco con colonna miscelatore in acciaio spazzolato.
