Liam

Designer: **Sergio Bicego**

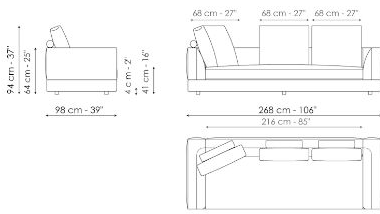

With a rigorous, formal and essential style based on primary geometric shapes, the Liam sofa makes functional versatility and ergonomics of use its outstanding characteristics. By harmonizing with other furnishing accessories, Liam is able to create countless interior design configurations for interpreting the most disparate styles of contemporary living, both in the home, hospitality contexts and reception areas.

Liam is available both in a linear version and with curved elements to create even more defined and intimate spaces. The sofa is produced with sartorial care in every detail, such as the painted metal feet, the magazine holder armrest and the leather tray table, offered in a range of sophisticated colours.
