## BRICK

*Design Archirivolto*

Brick è l'ensemble di tavolini monolite con zoccolo prominente che circonda la composizione creando un unico elemento visivo. Può essere composto scegliendo i "blocchi" in finiture e materiali diverse. Scegli le finiture dal vasto campionario a disposizione.

*Brick is the ensemble of monolithic coffee tables with a prominent plinth that surrounds the composition creating a single visual element. The projecting base surrounding each block is in metal and joins the composition or helps each element to live as a separate one. Choose the different finishings from the wide sample set.*
